

Norwegian partner searches in Local Development projects Norway Grants 2014-2021

The Programme Operator encourages all project promoters to consider involving bilateral partners in the Norway Grants projects. This form aims to facilitate the search for Norwegian partners for Local Development projects under the Norway Grants. The filled in form can be sent to the organisation(s) you would like to cooperate with. Or, if you have not found a potential partner, you can send it to eeagrants@vlada.gov.sk and the Programme Operator will assist you in your search.

All partner requests must be sent **minimum three weeks before the deadline of the call** to be considered, but we encourage project promoters to start their search as early as possible, and to involve the potential partner in the project development. We also encourage project promoters to address potential partners directly.

prize with brand new technological solutions. The construction is built after Nordic technical specifications AND Norwegian requirements for sound quality with high music pace. A fully automatic ticket- and entrants' system, replaced the ordinary floor with tempered glass with led light markings, walls, roof can have integrated photovoltaics, regulated windows for natural light, and to save cleaning micro sensors detect wear and tear. By opening one wall, the stage can be used for outdoor concerts and entertainment. The sound goes into the steel- and glass construction and gives a unique sense, special for people with hearing needs. Concerts, sports, conferences or meetings, the multifunction of the building opens for a 24/7 common use. Our goal is to increase quality, experience, multifunctional use, quick changeover, new and smart technical solutions that consider all needs. Lower start costs for concerts, arrangement, sport clubs, tournament, artist, bands, opens for smaller communities and clubs to for a variety of options. We love to create moments and opportunities for everybody.
